HORIZONTAL
SLIDING WALLS

We present aesthetic and flexible solutions with its Horizontal Sliding Glass Wall Systems for your living areas.

Sliding panels can move without using floor guides or chanel.

The panels are easy to adjust, align, and operate. The strong rollers allow the system to carry heavy panels. In malls, restaurants, cafes and offices, wherever you need, a flexible solution to keep your space free when it opens up & secure and visible when it is closed.

Maximum Width with Free Panel Groups

Movable Glass Facade Systems offer a panoramic view with maximum glass heights and maximum panel widths. While the glass panels reach a height of 4 meters, the desired width can be easily achieved with the Free Panel Groups in Momentum.

Innovative Design and Ultimate Comfort

Movable Glass Facade Systems have been specially designed to increase the comfort of use. Everything has been designed for your comfort, with glass panels that move quickly and silently for easy opening and closing floor locks and strong carrying tracks units, and stylish and useful door locks suitable for the system.
